CUB SCOUT SPACE EXPLORATION AND ROCKET BUILDING MEETING –

Thursday, November 12, 5:15 – 7 pm, Champlain Elementary (2nd Thursday each month). In this month's meeting, each boy will learn about space, space exploration, and build and launch a miniature, air powered **ROCKET SHIP** (environmentally friendly) designed only out of a 32 oz soda bottle and balsa wood! (Cub Scouts, rbeste@yahoo.com). Parents are welcome to participate. The Scout Council will also be here to tell parents more about the scouting program. **PIZZA** will be served for all! Come and learn about this fun, exciting program for boys!

ARCHERY - December 10, 5:15 pm - the boy will learn all about archery, learn how to build a bow and arrow, earn their archery badge, and make plans for a Saturday archery trip to actually shoot bows and arrows!

ABOUT THE CUB SCOUTS! Cub Scouts is an activity-based, fun, family program intended to help boys develop good Character, Citizenship, Initiative, Respect, and Responsibility. We meet each month.

WHAT IS CUB SCOUTING?

Cub Scouting is a year-round family program designed for boys who are in the first grade through fifth grade (or 7, 8, 9, and 10 years of age). Parents, leaders, and organizations work together with the scouts to learn new skills and to develop good character and citizenship. Kindergartners also welcome and participate to learn more about the program.

A LIFELONG PATH OF INITIATIVE, ACHIEVEMENT, and FUN!

From former **President's Gerald Ford and Bill Clinton** to business tycoon **Bill Gates** and actor **Harrison Ford**, scouts have fostered a foundation of initiative and achievement for millions of boys since 1912.

ADVANCEMENT PLAN

Recognition is important to young boys. The Cub Scouting advancement plan provides fun for the boys, giving them a sense of personal achievement as they earn badges, and strengthen family understanding as adult family members work with boys on advancement projects.
